

# Data Management, Visualization and Access Workshop

---

Catarina Pien

Bureau of Reclamation

IEP Workshop | April 18, 2024

Transparency of the scientific process

The Open and Transparent Water Data Act (AB 1755) (2016)

Open Government Initiative – OPEN Government Data Act

**FAIR principles**

What does FAIR stand for?

Applicable to data/metadata, tools, workflows

[FAIR Principles - GO FAIR \(go-fair.org\)](https://go-fair.org)

# Menti.com

<https://www.menti.com/alghyxy4cn3a>

Code: 5615 1936

## What does FAIR stand for?

# FAIR Principles

F indability

A ccessibility

I nteroperability

R euse

Data and metadata **indexed** together  
in **searchable** resource

Associated with globally **unique and  
persistent identifier** (e.g. DOI)

# FAIR Principles

F indability

A ccessibility

I nteroperability

R euse

Data and metadata **easily  
retrieved/downloaded** by identifier

Protocols/Methods **open, free,  
implementable**

# FAIR Principles

F indability

A ccessibility

I nteroperability

R euse

Use **shared, relevant vocabularies**, terminology, data standards

Data organized to be read and **aggregated easily** with other sources

**Machine readable** across different systems, software, hardware

# FAIR Principles

F indability

A ccessibility

I nteroperability

R euse

**Descriptive** metadata

Inclusion of **complementary files**  
(code, documentation) needed to  
understand data/analysis

Clear, detailed **provenance** (data  
sources)

Clear, accessible usage **license**

# Challenges

## An Open Data Framework for the San Francisco Estuary (SFEWS)

Lack of time, funding

Lack of knowledge for how to share data

Balance of data quality and timeliness of data

Misuse of data

Ownership of data

# IEP Data Utilization Workgroup

- Define shared data standards (data descriptions, documentation) across member agencies
- Promote efficient and open data management practices by providing templates and resources for community
- Provide support for member agencies, coordinate across other groups

## Contact:

Sam Bashevkin ([sam.bashevkin@waterboards.ca.gov](mailto:sam.bashevkin@waterboards.ca.gov))

Dave Bosworth ([David.Bosworth@water.ca.gov](mailto:David.Bosworth@water.ca.gov))

[IEP Data Utilization Working Group \(ca.gov\)](http://ca.gov)

# Workshop Objectives

Share practices and methods that support open science, FAIR principles

- Provide data managers and users with resources, templates, guidance for data management
- Share data sources, packages, code for streamlined, transparent data analysis, synthesis
- Connect community with visualization tools, code, venues for increasing and improving data communication

## Data Management and Access

**9:10** Data Management (35 minutes)

**9:45** Coded Data Access (30 minutes)

**10:20** Break (15 minutes)

**10:35** Metadata and Data Publication (75 minutes)

**11:50** Break (1 hour)

## Visualization

**12:50** Visualization Tools (60 minutes)

**1:50** Break (15 minutes)

**2:05** Visualization Examples (50 minutes)

**2:55** Panel Q&A (30 minutes)

**3:25** Closing (5 minutes)

# Agenda

## Data Management and Access

### **9:10 Data Management (35 minutes)**

**9:45** Coded Data Access (30 minutes)

**10:20** Break (15 minutes)

**10:35** Metadata and Data Publication (75 minutes)

**11:50** Break (1 hour)

Data management plan

Structure and format of data

Quality assurance/ Quality control

Data sharing

# Data Management and Access

---

**9:10** Data Management (35 minutes)

---

**9:45 Coded Data Access (30 minutes)**

---

**10:20** Break (15 minutes)

---

**10:35** Metadata and Data Publication (75 minutes)

---

**11:50** Break (1 hour)

## Data Management and Access

---

**9:10** Data Management (35 minutes)

---

**9:45** Coded Data Access (30 minutes)

---

**10:20** Break (15 minutes)

---

**10:35 Metadata and Data Publication (75 minutes)**

---

**11:50** Break (1 hour)

## Visualization

### 12:50 Visualization Tools (60 minutes)

1:50 Break (15 minutes)

2:05 Visualization Examples (50 minutes)

2:55 Panel Q&A (30 minutes)

3:25 Closing (5 minutes)

# SacPAS: Central Valley Prediction & Assessment of Salmon

## Bay-Delta Live

## Visualization

---

12:50 Visualization Tools (60 minutes)

---

1:50 Break (15 minutes)

---

2:05 Visualization Examples (50 minutes)

---

2:55 Panel Q&A (30 minutes)

---

3:25 Closing (5 minutes)

---

Save questions for the end  
Put questions in the Teams chat

---

12:50 Visualization Tools (60 minutes)

---

**1:50** Break (15 minutes)

---

2:05 Visualization Examples (50 minutes)

---

**2:55 Panel Q&A (30 minutes)**

---

**3:25** Closing (5 minutes)

# To be shared out:

- Resource list
  - Templates
  - Guidance
  - Useful data packages
  - Synthesized datasets
  - Examples of tools demonstrated
  - Other resources
- Code and slides from this workshop:  
<https://github.com/InteragencyEcologicalProgram/iep-data-workshop-2024/tree/main>
- Recording of this training (youtube)

# Thanks

- Christine Joab, Rosie Hartman, Dave Bosworth, Sam Bashevkin, Trinh Nguyen, Rachel Pisor, Denise Goodman, Nicole Kwan, Perry, Susannah Ittis, Amye Osti
- DUWG and IEP community
- See speaker bios (with contact info):
